

IFLA Public Library Service Guidelines: 2nd, completely revised edition Erratum sheet

- Example of section *1.8 Local culture*.

- The libraries of Barcelona, on the occasion of the 75th anniversary of the proclamation of the Second Spanish Republic and the 70th anniversary of the start of the Civil War, conducted the project "Vivències: La Barcelona que vaig viure (1931-1945)". The project is a digital book that collects the testimonies and memories of those who were the anonymous protagonists of these events, to explain to those who did not live them how daily life was at that time in Barcelona.
