Names of Standing Committee members who will be working on this activity/output:

Open Access and Collection Development Working group - led by Michael Levine-Clark

Activity/Output Context

What need is this activity/output filling or what problem will be solved for your sector?

To foster best practice on open access and collection management areas.

To explore the question of how libraries manage open access content within the context of their broader collection management activities. This program will increase awareness and understanding of the challenges and opportunities presented by open access content through an exploration of challenges, best practices, and standards (whether existing, in development, or needed). This includes integration into existing workflows and systems (especially into discovery systems), models for selection and deselection, and hidden costs in terms of staff and development time.
