### Join us on IFLA'S Global Library Publishing Map

Entries on the map are compiled from the **Annual Library Publishing Directory**, a joint project of the IFLA LibPub SIG and the Library Publishing Coalition <https://librarypublishing.org/lp-directory/>

The Library Publishing Directory provides an annual snapshot of the publishing activities of academic and research libraries, including information about the number and types of publications they produce, the services they offer to authors, how they are staffed and funded, and their future plans.

**180 library publishers**  
from around the world are already on the map
