

## “Reading on pillows”: How to encourage small children to read in foreign languages

Russian children listen and discuss picture-books in English, French, German, Italian, Chinese etc. The goal of the project is to introduce to the small children to multicultural world through reading books.

Sitting on pillows helps children to feel comfortable and they actively participate in discussion.

As a rule we also use supplementary materials: coloring pages, songs, short cartoons, puzzles.

As a result we get many new devoted readers in many languages.
