Digital Inclusion in Southern Africa

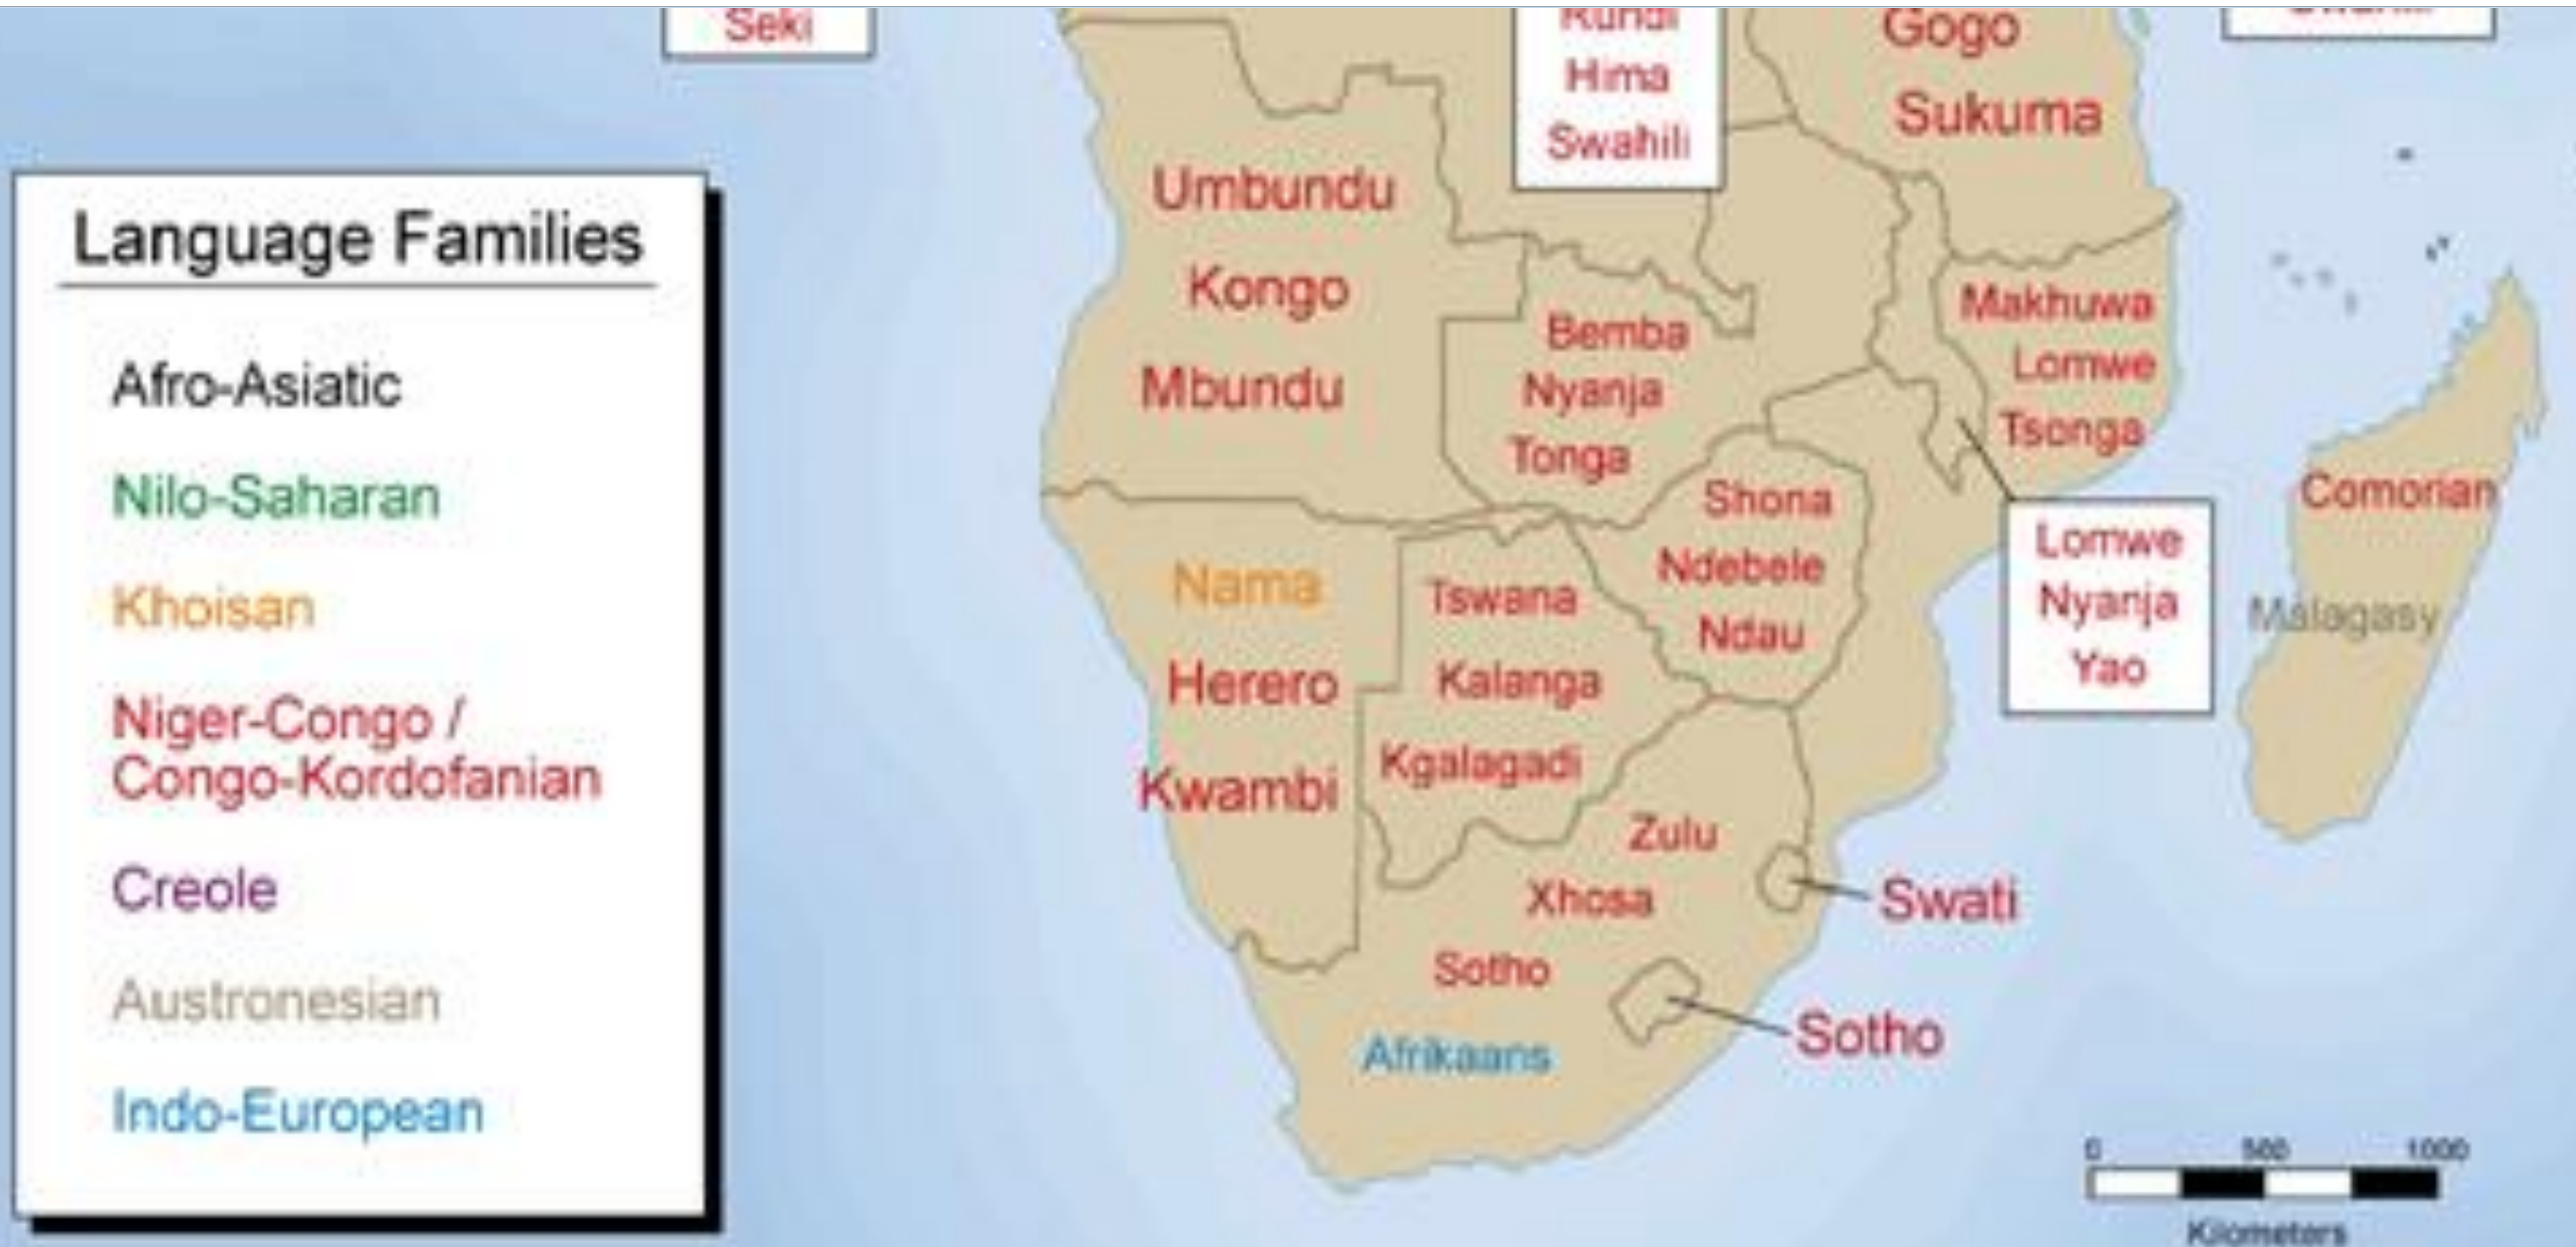

Southern Africa, like many other regions in the world, faces significant challenges in terms of digital inclusion.

While the region has made some progress in increasing access to technology, many people still lack access to basic digital services and the skills needed to use them effectively.

A word cloud graphic featuring the words "Asante", "Gracias", "Merci", "Thank You", and "OBRIGADO" repeated in various colors (orange, green, red, blue) and sizes. The word "Asante" is the largest and most prominent, centered in the middle. "Gracias" and "Merci" are also large, positioned below "Asante". "Thank You" and "OBRIGADO" are smaller and scattered throughout the cloud. The background is white, and the words are arranged in a way that they appear to be floating or falling from the top.
