Quick Status

Going well

Output description

18th Interlending & Document Supply (ILDS) Conference will take in Baku, Azerbaijan in between 28-30 October 2024 in partnership with the ADA University Library. Some background information about the hosting institution: ADA University is a vision of the future brought to life. It is a community of academic excellence, accountability, shared governance, honor, integrity, transparency, diversity, collaboration, communication and social responsibility that empowers individuals to challenge conventional thinking in pursuit of new ideas. for more visit <https://ada.edu.az/en/about/ada-university>.

The theme has been agreed as Global to Local: Diversity and Inclusiveness in Resource Sharing

The 17th ILDS conference was hosted by the Qatar National Library in September 20-22, 2022. It was the first back-in person conference after COVID, and was organized by the QNL along to the IFLA DDRS Standing Committee. The Conference "Sharing to Heal: Resource Sharing Through the Pandemic and Beyond" aimed to examine the strategies and solutions that were created during the pandemic, and how libraries across the world demonstrated resilience and used new tools and initiatives to share information.

The program included a pre-conference day on the 19th of September and along a full social program that highlighted the history and traditions of the state of Qatar. The conference was successful in spite of the attendees number that was lower than the usual ILDS conferences that were held before COVID.
