

Maintain the RSCVD (Resource Sharing Collaborative and Voluntary Document Delivery) program: G

Source Folder

Division F

Output name

Maintain the RSCVD (Resource Sharing Collaborative and Voluntary Document Delivery) program: Governance, communication and monitoring

Output context

This RSCVD program which started as a volunteer initiative during Covid 19 is now becoming a permanent platform for ILL librarians to share resources in a controlled environment. This non-commercial initiative bond librarians who are dedicated to meet the requests while observing guidelines and copyright law.

Target Group?

A Library/Information Community

Target Group Outcome

The action will ensure the continuity and sustainability of the RSCVD initiative. It will increase and strengthen the RSCVD volunteer community and facilitate information among RSCVD members, IFLA DDRS and TALARIA managers. The promotional activities in regions such as MENA will be prioritized since there is need expressed in Regional Professional Priorities Survey for establishing a network of regional library to collaborate in DDS and ILL services for local sources

IFLA Strategic Direction (SD)

Connect and empower the field (SD3)

IFLA Key Initiative (KI)

1.2 International presence & partnerships 2.1 Resources, insights & reports

Output type

Guideline/Standard support

Quick Status

Going well

Output description

The committee takes part in the governance of RSCVD and monitor closely the transition of the project to IFLA during this term. The establishment of the RSCVD Steering Committee, the establishment of information channels through IFLA such as a dedicated listserv, news area on the IFLA DDRS website, and finally the maintenance of these channels are the key steps planned for 2023-2025.

Start date

2023-10-01 12:18:26

Progress details

The members who will represent DDRS in the Steering Committee and the chair of the Steering Committee are determined. The search for volunteer members will start soon.

Report on impact

Every quarter the steering committee may report based on the statistics retrieved from the TALARIA system.
