

Monitor current and emerging topics effecting resource sharing and support the community

Source Folder

Division F

Output name

Monitor current and emerging topics effecting resource sharing and support the community

Output context

Document delivery field of librarianship requires strong networks. The activities planned under this output will help developing new networks along with the existing ones. It will also help to bridge the regional divides which have been pointed out in the Regional Professional Priorities Survey.

Target Group?

A Library/Information Community

Target Group Outcome

This will empower the ILL librarians around the world. It will provide a current awareness opportunity and a platform for sharing best practice globally.

IFLA Strategic Direction (SD)

Connect and empower the field (SD3) Inspire and enhance the profession (SD2)

IFLA Key Initiative (KI)

3.1 In-person networking & learning 3.4 Professional development & learning 4.4 Our visibility & communications

Output type
