### Output name

Building Committee Outreach and Engagement (midterm or other online meeting)

### Output type

Communications

### Output description

We hope to host, either with the Division or solo, a midterm (or other) meeting to engage other librarians with the work of our committee and increase the number of committee member nominees in 2025.

### Thematic tags

Capacity building Professional development

### Target Group?

A Library/Information Community

### Output context

We hope to provide interesting opportunities for library staff who would like to participate in our committee and begin working as IFLA volunteers.

### Target Group Outcome

This project will support library (and related organization) staff through meaningful professional development in the area of scholarly communication.

### Report on impact

During 2024, and if it goes well, again in 2025 prior to the committee nomination and election cycle starting.
