## Identification of **local governments with libraries** according to RENAMU and RNB 2015 to 2023

**RENAMU:** National Registry of Municipalities  
**RNB:** National Library Registry

Roadmap: “Implementation of the **National Library System (SNB)**, approved by RJ N°25-2021-BNP on March 1, 2021

First technical document for comprehensive management of the SNB (2020-2030) agreed upon with specialists. It consists of 6 axes of strategic intervention:

**Territorial management** of the National Library System.

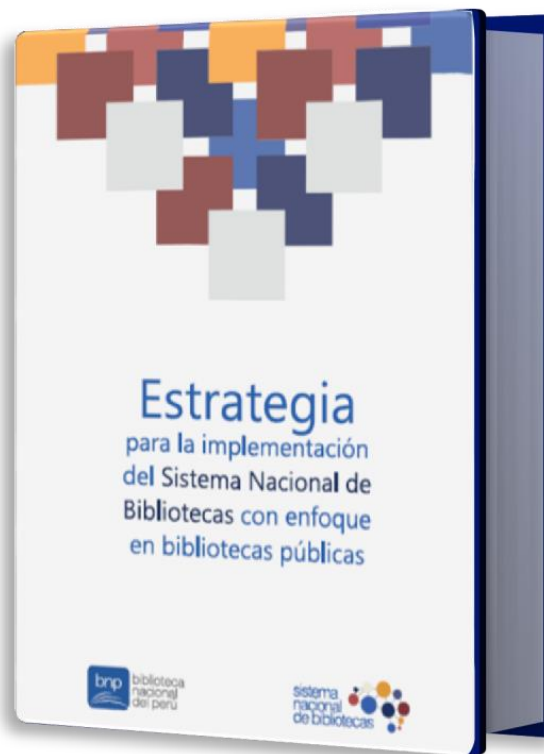

1

**Creation of public libraries** and library services.

2

**Strengthening the capabilities** of SNB operators.

3

4

Implementation of **technological tools** in the management of the SNB

5

**Institutional strengthening** of public libraries.

6

**Communication and social mobilization.**

## **AXIS 1: Territorial management of the SNB**

24 municipal public library networks created: with the participation of 86 libraries from 84 local governments. In 2023, 16 networks were created.

551 municipal libraries registered in the National Library Registry: of 523 municipalities in the country.

## **Axis 2: Creation of public libraries and library services**

102 municipal libraries created administratively: thanks to national territorial coordination, to promote the creation of libraries or library services among local governments.

40 municipal libraries implemented and operational

LEYENDA:

BPM: biblioteca pública municipal

 BPM provincial

 BPM distrital

*Provision of Bibliomóvil to the Provincial Municipality of Piura*

## Management model to promote the creation of new spaces;

applying a **targeting process** from the Library Policy Development **Department** of the BNP..

- Public Library Stations (EBP) implemented in **Tarata** and **Cutervo**, which constitutes a milestone in terms of the **decentralization of library services**.

*EBP de Tarata; en gestión con la Municipalidad Provincial de Tarata (Tacna) en el 2023.*

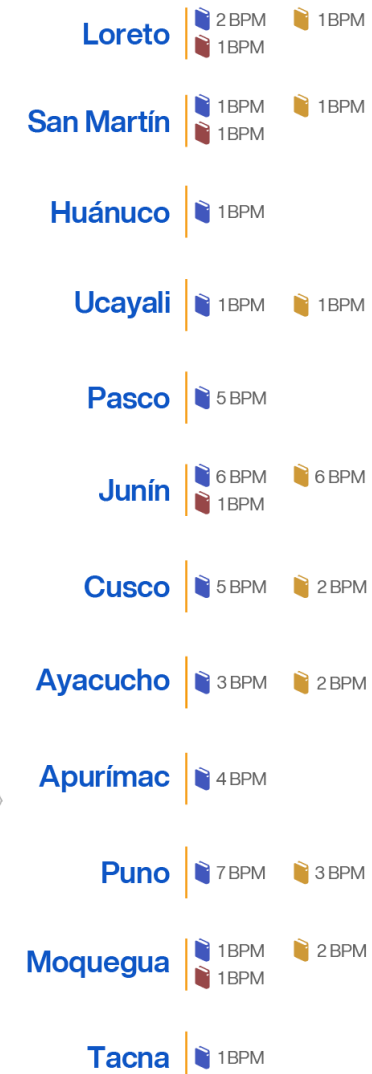

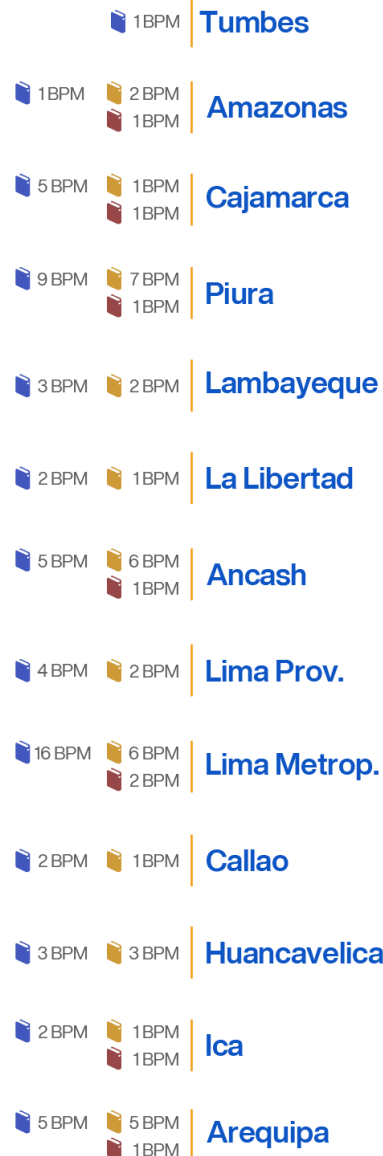

*EBP de Cutervo; in management with the Provincial Municipality of Cutervo (Cajamarca) in 2021.*

## **Axis 3: Strengthening the capabilities of SNB operators**

**More than 1,300 librarians trained :**  
in 15 basic and refresher courses.

**56 municipal libraries with trained staff,** in one or more courses offered.

**172 librarians trained in face-to-face courses**, in the departments of Ancash, Cusco, Ayacucho and Lima.

Promotion for the implementation of a **Integrated Library Management System (SIGB)** in public libraries, with the aim of improving their process through library automation.

*In-person training – National University of San Cristóbal de Huamanga (Ayacucho)*

*In-person training - Provincial Municipality of Huaraz (Áncash)*

**Execution of 152 library TECHNICAL ASSISTANCES**, to date, to various types of public libraries in the country:

- **2023: 54 technical assistances.**
- **2022: 85 technical assistances.**
- **2021: 42 technical assistances.**

*In-person technical assistance - District Municipality of Lobitos (Talara – Piura).*

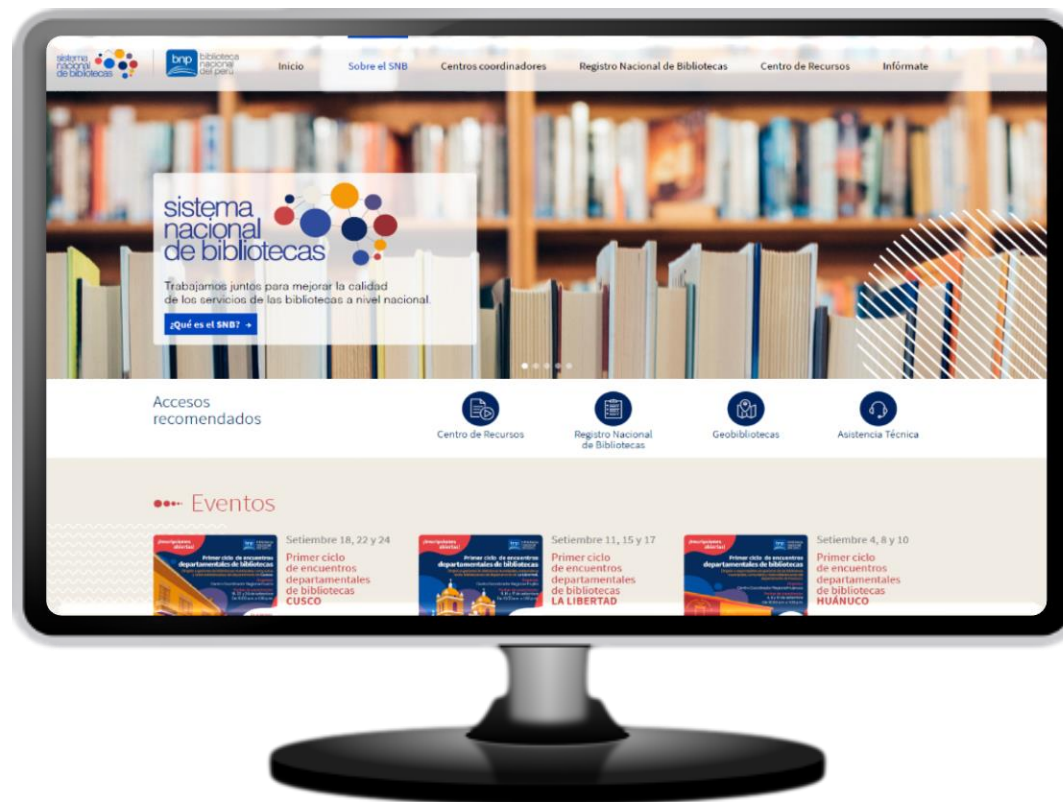

*In-person technical assistance in the library of the Provincial Municipality of Junín (Junín).*

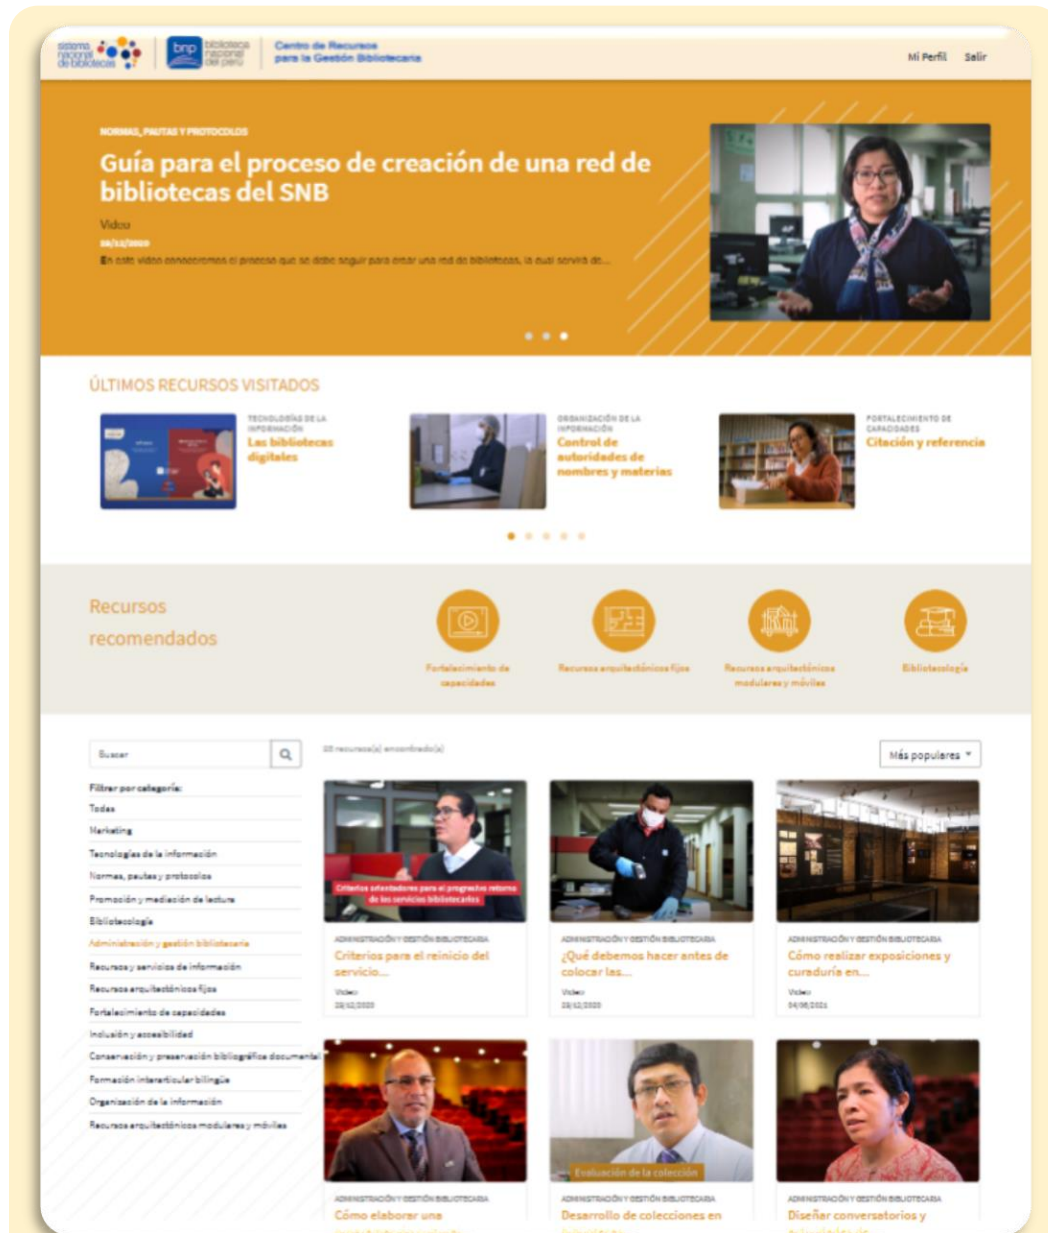

**Axis 4: Implementation of technological  
tools in the management of the SNB**

Five (5) **DIGITAL SPACES** were implemented, to provide informative and training content for librarians and the general public:

- ❑ **SNB web portal;** main space for disseminating the actions and activities carried out within the framework of the SNB.
- ❑ **Portal of the National Library Registry;** for nationwide registration of public libraries.

Library Management Resource Center; with 255 digital resources for librarians.

- 30 architectural resources for fixed libraries and mobile libraries.
- 15 PDF guides on technical documents.
- 210 guiding videos on technical documents.

Geolibraries web application: 484 georeferenced municipal libraries, for public consultation through the Geobibliotecas web application.

SNB Statistics web portal: real-time statistical information of municipal libraries (RNB database).

## **AXIS 5: Institutional strengthening of public libraries**

## Provision of bibliographic material for the implementation of new municipal libraries.

*Mayor Ildebrando Delgado Barboza of the District Municipality of Yambrasbamba (Bongará – Amazonas)*

*Mayor Raúl Lozano, of the District Municipality of Trompeteros (Loreto – Loreto)*

**Provision of bicycles** to strengthen library services in municipal library networks and new libraries in the process of implementation.

*Mayor Jose Antonio Romero Jara, of the Provincial Municipality of Yungay - Ancash*

*Mayor Teófilo Nuñez Achallma, of the Provincial Municipality of Cangallo - Ayacucho.*

## Basadre Grohmann non-monetary recognition:

aimed at promoting management models and trajectories linked to the development of libraries and/or services.

- 2020: 8 applications from municipal public libraries.
- 2021: 21 applications from municipal public libraries.
- 2022: 17 applications from municipal public libraries.
- 2023: 17 applications from municipal public libraries.

*Ganadores del Reconocimiento Jorge Basadre 2023*

## Mapping of Public Investment Projects in libraries

### I STAGE 2011-2021:

A mapping of public investment projects in libraries was carried out over the last 10 years, reaching the following results:

#### PROJECTS FORMULATED AND DECLARED ROADS 2011-2021

N°	PIP Formulados	PIP Declarados viables	Total
1	69	141	210

### II STAGE 2018-2021

In a second stage of targeting, it was carried out in the last municipal administration, in order to be able to follow up and as a result the following was obtained

#### PROJECTS FORMULATED IN THE PERIOD 2018-2021

N°	Municipalidad provincial	Municipalidad distrital	Total
PIP	5	10	15
IOARR	4	5	9

#### PROJECTS WITH BUDGET ALLOCATION 2018-2021

N°	Municipalidad provincial	Municipalidad distrital	Total
PIP	5	10	15
IOARR	4	5	9

The National Library of Peru (BNP) **provided technical support in the investment project for the construction of the new Municipal Library of the District Municipality of Poroy** in the department of Cusco. For this work, the commune has allocated an investment of more than 2 million soles.

*Start of investment work – Municipal Library of the district of Poroy, province and department of Cusco.*

*Progress of investment work – Municipal Library of the district of Poroy, province and department of Cusco.*

## **AXIS 6: Communication and social mobilization**

The National Library of Peru (BNP), as the governing body of the National Library System (SNB), promotes the creation and/or development of libraries at the national level.

The purpose of the campaign is **to raise awareness among citizens and local authorities about the importance of the public library as:**

- 1) Space for free access to information and reading.
- 2) Space for social inclusion.
- 3) Complement to formal education to facilitate the development and culture of communities.

## Situación de las bibliotecas públicas municipales (BPM)

### Piura

- 23 golos (35.4%) de 65 no tienen BPM.
- 63.3% de las BPM ocupan áreas menores a 30 m<sup>2</sup>.
- 94% de las BPM no cuentan con bibliotecólogos.

### La Libertad

- 56 golos (67.5%) de 83 no tienen BPM.
- 50% de las BPM ocupan áreas menores a 30 m<sup>2</sup>.
- 93% de las BPM no cuentan con bibliotecólogos.

### Arequipa

- 84 golos (77.1%) de 109 no tienen BPM.
- 41.7% de las BPM ocupan áreas menores a 30 m<sup>2</sup>.

## Pasco: BNP insta a municipalidad de Yanacancha a restaurar servicios en biblioteca local

16 de septiembre de 2023

Señala que los municipios tiene la obligación de generar espacios de lectura y cultura

La Biblioteca Nacional del Perú (BNP) ha expresado su preocupación por la reciente reducción de espacios y desactivación de servicios en la Biblioteca Municipal Luis Aguilar Cajahuamán de Yanacancha, Pasco.

Según la BNP, la administración municipal habría reasignado áreas de la biblioteca para
