PUBLISSO?

- ▶ ZB MED open access services consist of
 - Publishing
 - Advice
 - Networking
- ▶ Platform German Medical Science since 2003 (www.egms.de/en/)
- ▶ Life Sciences Repository
- ▶ Open access platform PUBLISSO since 2015
- ▶ The platform Living Handbooks is integrated in PUBLISSO

PUBLISSO – Platform: a single platform for all contributors and for all steps of the publication process

- ▶ contributors (e.g. editors, authors, reviewers) from all over the world use the same platform
- ▶ the complete publication process on one web-based platform – from submission to review and correction to publication
- ▶ all publication formats are possible: (Living) books, journals and articles, conference abstracts, guidelines ... and many more
- ▶ quality assurance through peer review
- ▶ accessible, readable and reusable from anywhere and by anyone – all publications are open access and licensed with a Creative Commons license

PUBLISSO – Opportunities

- ▶ publish different types of research materials (text, images, tables, videos ...)
- ▶ linking with research data and related publications
- ▶ different options for output formats – HTML, PDF, XML ...
- ▶ long-term archived data and metadata
- ▶ Permanently findable via the Digital Object Identifier (DOI)
- ▶ distributed to different indexing services
- ▶ implemented Responsive Web Design
- ▶ based on Drupal – Open Source, constantly developed custom features, state of the art

Services

- ▶ We offer different levels of service

Costs

- ▶ Publication fees are paid by learned societies

Funded by

- ▶ DFG (German Research Committee)
- ▶ BMBF (Federal Ministry of Education and Research)

Urogenital Infections and Inflammations

T.E. Bjerklund Johansen, F. M.E. Wagenlehner, Y.-H. Cho, T. Matsumoto, J. N. Krieger, D. Shoskes, K. Naber
